Pella®Lifestyle Series Dual-Pane Double-Hung Stool Attachment

Installation Instruction

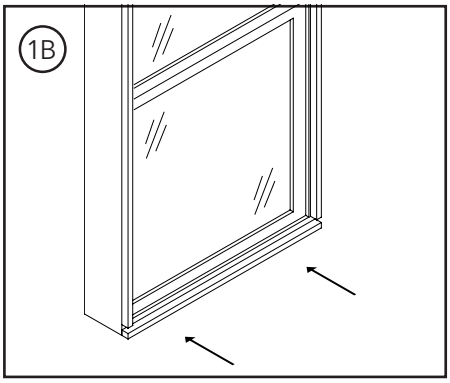

NOTE: Stool (optional) is available separately at an additional cost.

1 Stool Attachment:

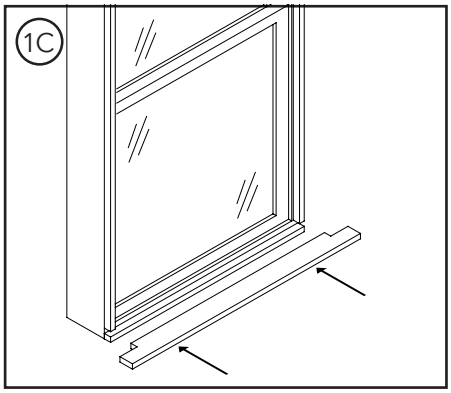

A. **After the window is installed in the opening,** carefully remove the sill extension attached to the sill of window.

B. **Reattach sill extension to the bottom of the frame (flush).** The sill extension creates a shelf for support of the stool. Use stool as spacer between jamb extensions and sill extension for a proper fit. Attach sill extension with glue and nails.

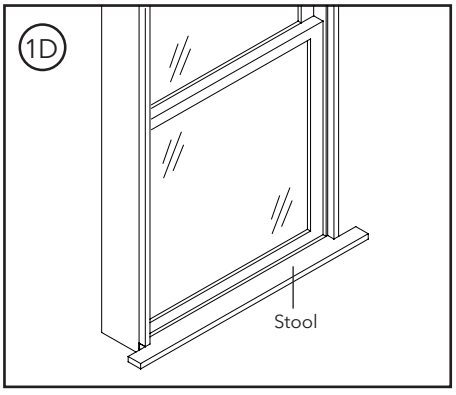

C. **Notch stool as required** for drywall, etc.

D. **Set the stool into position between the sill extension** and the jamb extensions. Nail and glue the stool in place.

E. **Install window trim.**
